- Currently pursuing

PROJECTS

School project

2026 - 2026

Lead Project

Developed and implemented a project using **HTML**, **CSS**, **JavaScript**, and **MongoDB** to enhance web functionality and improve user experience.

Technologies / Tools Used : MongoDB, html, css, js

Jharkhand Dekdo | 🐙 Github

2025 - 2026

My own Project

Developed a web-based **Tourism Management System**, "**Jharkhand Dekho**", enabling users to explore **tourism packages**, register/login, and book trips online. Established a centralized platform for managing **tour packages** and reservations, featuring an admin panel for efficient management of bookings and package details. Utilized a client-server architecture with a **MySQL** database for secure storage of user and booking information.

Technologies / Tools Used : Html, css, PHP, Mysql, JavaScript

SKILLS

Databases :

MySQL

Frameworks & Libraries :

React, Node.js

Languages :

Hindi, English

Programming Languages :

C, C++, Java, JavaScript, PHP, SQL
